### **1. Personal Use Only**

You may download and use Helyx Labs v0.1.4 solely for personal, non-commercial purposes. Use of this software for business, educational institutions, or commercial deployment requires prior written permission from Helyx Labs.

### **2. Age Restriction**

Users under the age of 13 may not use Helyx Labs independently. Parental or guardian supervision is required for individuals below this age threshold.

### **3. Authentication and User Data**

Helyx Labs v0.1.4 includes authentication and login features, implemented securely via Supabase and Google.

- All passwords are hashed before storage.
- Authentication tokens or credentials are **never** saved on Helyx Labs servers.
- User data privacy and security are prioritized in all authentication processes.

### **4. No Redistribution or Modification**

You may not copy, modify, distribute, or sell this software or any of its components without explicit written consent from the author.

This includes redistribution of installers, extracted files, or altered builds.

### **5. No Reverse Engineering**

You may not decompile, disassemble, or reverse engineer this software, including but not limited to its executable files, bundled modules, or embedded models.

### **6. Beta Access & Feedback Tools**

This version includes a Feedback Form, Beta Access Form, and the Helyx Cogni chat UI. These features are provided to improve user experience and collect voluntary feedback. By submitting feedback, you grant Helyx Labs a non-exclusive right to use your input for development and improvement of future releases.

### **7. Helyx Ignite**

The Helyx Ignite feature allows users to launch installed applications through command input.

Use this feature responsibly — Helyx Labs is not liable for unintended application launches, file access, or system behavior resulting from user commands.

## **8. Disclaimer**

Helyx Labs v0.1.4 is provided “as-is”, without any express or implied warranties.

The author and contributors shall not be held liable for any damages, data loss, or performance issues arising from its use.

By installing or using this software, you acknowledge that you have read, understood, and agreed to the terms of this license.
