1. Personal Use Only

You may download and use **Helyx Labs v0.2.1** solely for personal, non-commercial purposes. Use of this software in business, educational institutions, or any commercial deployment requires prior written permission from Helyx Labs.

2. Age Restriction

Users under the age of 13 may not use Helyx Labs independently. Parental or guardian supervision is required for individuals below this age threshold.

3. Authentication and User Data

Helyx Labs v0.2.1 includes authentication and login features, implemented securely via Supabase and Google.

- All passwords are hashed before storage.
 - Authentication tokens or credentials are never saved on Helyx Labs servers.
 - User data privacy and security are prioritized in all authentication processes.
-

4. Helyx Aud

Helyx Aud is a new feature in v0.2.1 that allows users to interact with curated audio experiences and playlists.

By using Helyx Aud, you agree that:

- The software may process user interactions to improve content recommendations.

- Helyx Labs retains the right to use voluntarily submitted feedback and usage insights for development of future releases.
 - All audio content is provided for personal, non-commercial use only; redistribution or commercial exploitation is prohibited.
 - **All user data related to Helyx Aud — including interactions, preferences, and feedback — is securely handled and will not be shared, sold, or leaked to any third parties. Privacy and data security are strictly maintained in accordance with Helyx Labs policies.**
-

5. No Redistribution or Modification

You may not copy, modify, distribute, or sell this software or any of its components without explicit written consent from Helyx Labs.

This includes redistribution of installers, extracted files, or altered builds.

6. No Reverse Engineering

You may not decompile, disassemble, or reverse engineer this software, including its executables, bundled modules, or embedded models.

7. Beta Access & Feedback Tools

This version includes a Feedback Form, Beta Access Form, and the **Helyx Cogni** chat interface.

By submitting feedback, you grant Helyx Labs a non-exclusive right to use your input for improving future versions.

8. Helyx Ignite

The **Helyx Ignite** feature allows users to launch installed applications through command input.

Use this feature responsibly — Helyx Labs is not liable for unintended application launches, file access, or system behavior resulting from user commands.

9. Disclaimer

Helyx Labs v0.2.1 is provided “as-is,” without any express or implied warranties.

The author and contributors shall not be held liable for any damages, data loss, or performance issues arising from its use.

By installing or using this software, you acknowledge that you have read, understood, and agreed to the terms of this license.
